

Architect 1 Questions

1. Research **3** famous buildings/structures of your civilization. Answer the following questions **on each** building you are researching.

Building 1:

Why was it built?

- i. What importance in the civilization does it have?
- ii. Does it have a religious purpose? What?
- iii. Who had it built?

c. Who built it? (hired workers, slaves, craftsmen, etc....)

d. What was it built/made out of?

Why these materials?

Building 2:

Why was it built?

- i. What importance in the civilization does it have?
- ii. Does it have a religious purpose? What?
- iii. Who had it built?

c. Who built it? (hired workers, slaves, craftsmen, etc....)

d. What was it built/made out of?

Why these materials?

Building 3:

Why was it built?

- i. What importance in the civilization does it have?
- ii. Does it have a religious purpose? What?
- iii. Who had it built?

c. Who built it? (hired workers, slaves, craftsmen, etc....)

d. What was it built/made out of?

Why these materials?

3. Write a short summary about each building for your webpage and audio recording.

4. Recreate one of the buildings you have researched in Google Sketchup. Show as many details and accuracy as possible.
5. Take a few screenshots of your building and at least one from the internet and create a webpage highlight the buildings you researched and your Google Sketchup creation. Be sure to include your summary of information on your webpage.

BE SURE TO CITE YOUR RESOURCES AS YOU GET THEM IN EASYBIB. ALSO BE SURE YOU HAVE PERMISSION TO USE PICTURES FROM THE INTERNET BEFORE PUBLISHING THEM. (Must have AT LEAST 3 resources 1 book and 2 other, but may have more.)
